

REPRESENTATIVE POLICY BOARD

JUNE 11, 2024

SPECIAL MEETING TRANSCRIPTION

Bob:

Hi everyone, thank you for coming to our meeting. It is a special meeting. We are being recorded. So, we're going to start with a safety moment that is grilling safety. I'll tell you all things to do before you light the grill, do a safety check. Visually, inspect all hoses. Make sure there's no leaks, and make sure the grill is clean. It was a while ago, people would clean them with wire brushes and the wire would get stuck and get into whatever you were cooking, so try not to do that. I don't believe we have any members of the public here tonight, but if so, they would have three minutes to speak. We're going to move on to number three, which is a strategic initiative discussion. We would like to go into executive session and need a motion to do that?

Greg:

So moved.

Tim:

Second,

Bob:

All those in favor of going into executive session, please say aye.

RPB members:

Aye.

Bob:

Any opposed? Please say nay. Any abstentions? Okay. I guess I will turn this over to Larry.

[EXECUTIVE SESSION FROM 6:32 P.M. TO 7:53 P.M.]

Bob:

We are now out of executive session. Next on the agenda is a call for adjournment.

Tim:

So moved.

Brian:

Second.

Bob:

All those in favor of adjourning say aye.

Representative Policy Board
June 11, 2024
Special Meeting

RPB members:

Aye.

Bob:

Any opposed? Hearing none, thank you very much everyone.
