SAFETY MOMENT

Autumn Ladder Safety

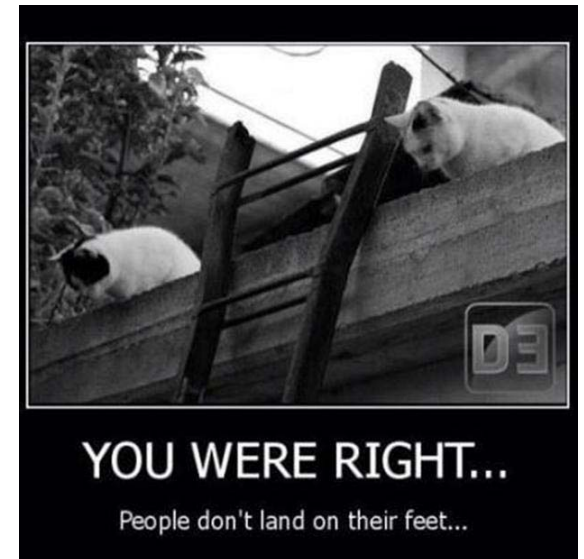

**Tap Into
Safety**

Regional Water Authority

Gutter cleaning is a necessary task that has to be completed multiple times per year, however, it can cause serious personal injuries and property damage in some circumstances. Thousands of homeowners end up in the emergency room each year from climbing the ladder to clean their gutters, making it one of the most dangerous household tasks! Follow these important safety tips:

- **Always select the correct ladder for the job.**
- **Always place your ladder on level and firm ground.**
- **Make sure your ladder has slip-resistant feet.**
- **Don't use a metal ladder near power lines or electrical equipment.**
- **When you're done with the ladder, put it away immediately. Never leave a raised ladder unattended.**

Service – **Teamwork** – Accountability – **Respect** – Safety

Safety is a core company value at the Regional Water Authority .
It is our goal to reduce workplace injuries to zero.
