

REPRESENTATIVE POLICY BOARD
CONSUMER AFFAIRS COMMITTEE
NOVEMBER 18, 2024
MEETING TRANSCRIPTION

Naomi:

I'm calling this meeting to order at exactly 5:30. Before we get started, I would like everybody to observe a moment of silence, please.

Charles:

Yeah, I'm sorry.

Naomi:

Thank you. At this time, I would like everybody to keep Larry's family in their hearts and prayers. Moving on, the safety moment. Our safety moment for a November is Daylight Savings Time, which we are already into. Just try to keep some things in mind. We may be feeling a little tired. Be well aware when you're driving, because people may not [inaudible 00:03:29] reflective clothing. Visibility is decreased, basically, because it gets dark much earlier. Be careful of pedestrians walking. Everyone doesn't wear the right clothing. Also, just check your smoke detectors, and your carbon monoxide alarms, and things. And it would be also nice to have an emergency preparedness kit available, even at your home and also your automobile. Check your fire extinguishers. And one thing about the fire extinguisher, if you don't know how to use it, the tag is on the extinguisher. Okay, moving right along. Do we have any members of the public present?

Jen:

No, we don't.

Naomi:

No? So next up on the agenda, is a 10-year model, which is going to be presented by Rochelle. Could I have a motion to go into executive session, please?

Charles:

So moved. This is Charles.

Naomi:

Thank you.

Stephen:

Second, Stephen.

Naomi:

Thank you.

[EXECUTIVE SESSION FROM 5:32 P.M. TO 6:21 P.M.]

Naomi:

We are now out of executive session. Who would like to make a motion to approve the minutes from last month?

Rich:

I make a motion to approve the meeting minutes from October.

Stephen:

I'll second it.

Naomi:

All those that are in favor, let be known by the sign or saying aye. If that ...

Committee members:

Aye.

Naomi:

Okay. [inaudible 00:00:39]. Okay, moving on to the OCA, Jeff?

Jeff:

Yes, good evening everybody. The OCA doesn't currently have any consumer matters that we're investigating or responding to. The only active application right now is the application by the Authority to dispose of land in Seymour. So, I reviewed that application as well as some interrogatories, and interrogatory responses from the authority. Other than that, pretty quiet at the OCA level right now, which is good because you want it to smooth out over the course of the year. And of course, the summer was very busy, as we know.

Naomi:

That's it?

Jeff:

Thank you. Yes.

Naomi:

Thank you. Could I get an approval to pay the OCA invoice for \$2,412.00?

Stephen:

So moved.

Mark:

Seconded.

Naomi:

Okay, it has been moved and seconded by many. Okay. Okay, did everyone get a chance to look at the meeting days for next year?

Charles:

Yes.

Naomi:

Okay. I think that's it. Anybody else have anything? Jennifer, you'll be letting us know, keeping us updated on the services?

Jennifer:

Yes, definitely.

Naomi:

All right, so can I get a motion to adjourn?

Mark:

So moved.

Stephen:

I'll second .

Naomi:

Thank you very much, everyone.
