# SAFETY MOMENT

## AVOID POISON IVY

The stuff grows everywhere – in the yard, beside the highway and in city parks. And if botany's not your thing, follow the old adage: "Leaves of three, let it be." Most of us will develop some sort of rash from exposure to the oils in poison ivy and poison oak. The oil comes from the plant leaf and stem and can stay on your skin, clothes, shoes, work gloves – even your dog.

### AVOID EXPOSURE TO POISON IVY BY:

- Wearing protective clothing while gardening or hiking in the woods
- Washing skin and clothes well with regular soap or laundry detergent
- Use cortisone cream to treat rashes or use oral antihistamines
- If experiencing more severe symptoms see a doctor

**Tap Into  
Safety**

Regional Water Authority

Service – Teamwork – Accountability – Respect – Safety

Safety is a core company value at the Regional Water Authority .  
It is our goal to reduce workplace injuries to zero.
